Your pup/dog is a pet quality pup/dog and is not guaranteed to be fertile or suitable for breeding. We require spaying or neutering your pet. A licensed veterinarian has inspected the said pup/dog and it is found to be healthy and sound and showing no signs of infectious, contagious and/or communicable diseases. NO acepromazine should be administered to the pup/dog at any time, please advise your vet that this drug is very dangerous to boxer. All puppies are guaranteed healthy when they leave us, a licensed veterinarian has inspected the said pup/dog and it is found to be healthy and sound and that it is not showing signs of infectious, contagious and/or communicable diseases. During the initial exam by your veterinarian, should he/she find the puppy to be at poor health risk or detect any life-threatening physical health problem that would require further vet care that was not discussed with you the buyer before or on pickup day, other than vaccinations, de-worming or treatment for any internal or external parasite or bacteria, you MUST contact the breeder within 24 hrs. Purchaser must notify breeder within 48 hours (about 2 days) of euthanizing pup/dog and send documentation to breeder with supporting evidence from two unassociated licensed veterinarians that the pup/dog is being euthanized due to a congenital defect. No money shall be refunded ever. Should the PURCHASER decide on surgical options, the BREEDER will not be financially obligated. IF the PURCHASER decides to euthanize the puppy, or in the case of sudden death, an autopsy must be performed (at the purchaser's expense) by a licensed veterinarian to determine the cause of death. A copy of the autopsy report must be provided to the BREEDER to prove cause of death was indeed congenital. If such an UNLIKELY event occurs, the breeder will offer the purchaser a replacement puppy chosen by the breeder with consideration to the purchasers' preferences, as soon as one becomes available of equal value. If at any time the purchaser is unable to keep the pup/dog, he/she must let the Breeder be given first choice to take the pup/dog back. AT NO TIME SHOULD THE PUP/DOG BE PLACED IN A POUND, SHELTER, OR OTHERWISE DISPOSED OF. I will do everything I can to help you find your pup/dog a home if you decide not to keep him/her. By my signature below, I agree to have this pup/dog spayed/neutered, (unless other arrangements have been made). We require you do this by no later than 12 months and no earlier than 6 months to ensure pup/dog is developed, if purchaser spayed/neutered pup/dog before 6 months old it will void the one-year health guarantee. If the requirements in this contract aren't met within the stated time or by the guidelines in this contract there is a fee of \$5,000 per breach event. I understand that this spay/neuter agreement is an agreement that this pup/dog will not produce a litter of puppies either as purposely bred or by accidental breeding.
